

included a pre-race pasta dinner and a post-race pancake breakfast. When several locals realized that Gerda and I were from Key West, Florida, they could not believe that we came that far to do their event. Actually this is the second time we have done this event in the hometown of Johnny Carson.

### Missoula Half Marathon

On July 10, 2016 I race walker the Missoula Half Marathon in Missoula, Montana. The temperature ranged from 49 to 55 degrees with no wind mostly cloudy skies. There was no rain even though the rain chance was 60%. The course was a point to point path on paved roads that were closed to traffic. Volunteers and police controlled the traffic at the intersections to keep the nearly 4000 participants safe. The first three miles had some small ups and downs and the rest of the course was mostly flat. Water/Powerade stations were located 2.5 miles apart for the first three stations and were approximately 1 mile apart for the rest of the course. There were plenty of efficient volunteers to take care of the needs of the participants. There were quite a few spectators though out the course cheering as well as several live performers playing music. This was the tenth year for the event that is well organized and fun and I have done the event 6 times – 2 marathons and 4 half marathons.

### Chester Kalb, Southernmost Walker.
