

Scary TC Speed on Halloween

Halloween for the Treasure Coast Running community is always a highlight. Race Director Brenda Wilson organized some spooky surprises along the route of the TC Halloween Half Marathon and as usual, it was a fun holiday-themed race event for the entire community supporting some great causes including the Boy Scouts, United Way White Doves, Florida Oceanographic Society, and ME's Team. The Marine Corps Marathon in Washington DC was also on Halloween weekend and several runners were there representing the Treasure Coast. Additionally, we had runners at the New York City Marathon the following weekend. Want to get involved with the TC Running community? Now is the time. Our annual Christmas party extravaganza is planned for December 3rd at Ground Floor Farm in Stuart, new board and volunteer committee seats are coming available just after the first of the year, and there are opportunities on staff for the 2017 Marathon of the Treasure Coast scheduled for March 5, 2017. Contact any board member for more info or reach us on Facebook.
